Practice supervisor/assessor wishes to raise a concern about a student in practice
Practice supervisor/assessor discusses with relevant colleagues to determine if concerns are valid.
If concerns valid, then discuss with student.
Action plan put in place as needed including review dates.
Unresolved: supervisor/assessor contacts practice educator/practice learning facilitator and academic assessor.
Resolved: no further action
PE/PLF and/or academic assessor meet with student and placement to discuss the issue ideally within 3 days of concern being raised. Did this resolve the issue?
Resolved: no further action required and PAT informed (the PAT may also be involved as needed at any stage)
Unresolved: academic assessor reports the practice module lead and PAT within 5 days of meeting with student and placement. Further discussion with student PE/PLF/PAT and placement area to resolve issue and or refer fitness to practice as appropriate.
