Digital Accessibility Statement for Microsoft Forms

This accessibility statement applies to Microsoft Forms

Forms Is provided by Microsoft on behalf of the University of Huddersfield. We want as many people as possible to be able to use this website. For example, you should be able to:

- change colours, contrast levels and fonts
- zoom in up to 300% without the text spilling off the screen
- navigate most of the website using just a keyboard
- navigate most of the website using speech recognition software
- listen to most of the website using a screen reader (including the most recent versions of JAWS, NVDA and VoiceOver)

We've also made the website text as simple as possible to understand.

AbilityNet has advice on making your device easier to use if you have a disability.

How accessible this website is?

Microsoft's Accessibility Declaration of Conformance Report for Microsoft Forms as identified the platform as partially complaint supporting WCAG 2.1 AA accessibility standard where applicable.

Known Limitations
